

Brackets

How do I import a batch of emails using Gmail or Yahoo! mail?

Here is a link for Gmail: <http://www.google.com/support/forum/p/gmail/thread?tid=212fc13266d74bb9&hl=en>

For yahoo! Mail you would also do something similar (i.e., Setup/read your Yahoo Mail from within a program like Outlook or Mail)

Unique solution ID: #1054
